Your options for coverage

 **Medical plans:** Our individual and family health insurance plans give you lots of options. You'll get preventive care, such as screenings and flu shots, for as low as \$0, with no copay from **network** doctors (doctors in your plan). Plus, you won't have to meet your deductible first. And you'll have the health insurance you need in case of an emergency or illness.

 **Dental/vision:** With our health plans, you'll get pediatric essential health benefits for dental and vision. For extra coverage, Anthem Blue Cross and Blue Shield offers stand-alone dental and vision insurance for you and your whole family, with great care from leading doctors. Whether it's dental or vision you're looking for, we've got a plan for you.

 **Term Life insurance:** Anthem Life Insurance Company now offers low cost term life insurance coverage. Our Individual term life plans include two coverage options: \$25,000 and \$50,000. You can choose the coverage amount that fits your needs. Life insurance is an important decision, but it doesn't have to be a complicated one. Term Life Insurance underwritten by Anthem Life Insurance Company.

 **Pharmacy:** Pharmacy is the most widely used benefit—4X more than medical—and often the first benefit members access.¹ Getting the most out of your pharmacy benefits can help keep you healthy and save you money.

- **Your covered medications:** To see if your drug is covered, go to anthem.com/pharmacyinformation and choose the link, **Individual Select Drug List**.
- **Retail Pharmacies:** Your pharmacy benefit includes nearly 70,000 retail pharmacies nationwide. To see if your preferred pharmacy is in the plan's network, visit anthem.com/pharmacyinformation/rxnetworks.html.
- **Home Delivery:** Get your medicine delivered right to your door. People who use home delivery pharmacy are more likely to follow their drug treatment plan and have better health outcomes.

Answers to your questions

Why choose Anthem Blue Cross and Blue Shield?

When you choose an individual or family insurance plan with Anthem Blue Cross and Blue Shield, you'll have access to leading doctors and hospitals. It's important to us that you see the doctor you want and get the care you need.

You'll see the difference with Anthem Blue Cross and Blue Shield. You can select great doctors, care centers and hospitals from our network of providers. You can also have a private video visit with a doctor or therapist on your smartphone, tablet or computer. It's one of the best ways for us to help support your health and the health of your family.

Access to preventive care

At Anthem Blue Cross and Blue Shield, we believe that prevention is the best medicine. Preventive care is offered for as low as \$0 with no copay and no deductible to meet when received from doctors in your plan.

With us, you can also count on:

- Dedicated customer service.
- One source for all your benefits, including dental, vision and term life.
- A simple enrollment process.
- Resources to support your health care goals.

Why do I need coverage?

The short answer is ... life happens and it helps to be ready. No one plans to break an arm or catch pneumonia. That's why having a health care plan is so important. It helps you:

- Pay for those unexpected costs that come with a serious illness or injury.
- Get some important benefits like preventive care that can help you stay healthier and get more effective treatment.

Still not convinced? Here are three reasons why coverage is so important:

- 1 It's worth the price.** Have you ever thought about what the cost would be to have a major surgery without health insurance? Now picture adding that in with your mortgage/rent and monthly expenses. That's a case where monthly payments for coverage are small compared to footing the bill for a major unexpected cost.
- 2 It helps you stay on top of checkups.** When you have coverage, you'll be much more likely to use it to get your yearly checkups and tests that can catch issues early. Plans even include preventive care at no extra cost when you use doctors in your plan (network doctors).
- 3 It's an investment in you.** You insure your home and cars, so why would you put yourself at the bottom of the list? Think about how much it would cost to fix you if something serious were to happen.

Answers to your questions

What coverage do I need?

Choosing the right plan for you can be a challenge. We get that. So let's start with some questions to figure out what works best for you:

- **Does the plan meet your coverage needs?** How often do you see doctors and specialists? What prescription medications do you take regularly? Are you planning any procedures this year?
- **Is a Catastrophic plan an option?** If you're under age 30 (or are 30 or older with an approved hardship exemption from the Health Insurance Marketplace) you may qualify for a high-deductible, lower monthly payment, Catastrophic plan. Catastrophic plans can help protect you from worst-case scenarios like serious accidents or illnesses.

Plan choices

Metal Levels

- **Bronze:** You'll have lower monthly payments while being covered for check ups and preventive care. You could pay more out of pocket if you need more care, but if you don't expect to go to the doctor very much this year, Bronze may be a good bet. These health plans can be great for people who are younger with no dependents.
- **Silver:** You'll get health coverage that covers all the basics and more. You'll also get preventive care for \$0 with no copay and no deductible from network doctors. Silver plans on the Health Insurance Marketplace offer the greatest assistance for both tax credits and cost sharing subsidies if you qualify.
- **Gold:** You'll have higher monthly payments but lower out of pocket costs depending on the services you use. You'll also have a lower deductible to meet, and you can save on visits to doctors or specialists when you need them.

NEW! Enhanced Virtual Access Plans

Online Plus:

- Select bronze and silver plans offer unlimited, \$5 online PCP office visit copays. Just look for **Online Plus** in the plan name.

Can I afford it?

If you're thinking coverage might cost too much, you're not alone. But, what you might not know is that you may be able to get help paying for it. And a health insurance subsidy may be the answer. Don't know what a subsidy is? That's just a fancy word for getting financial help from the government to help you pay for your health care coverage.

You could be eligible for a subsidy, also called an advanced premium tax credit, to lower your monthly payment. You may also qualify for a plan where you'll pay less for your out-of-pocket costs.

Other ways to help save money:

-  Check if your favorite doctor, hospital or other health care provider is in your plan. That way you can make sure you get your care at the lower or negotiated network rate.
-  You can also save money by only using the emergency room (ER) for emergencies. Head straight to the ER or call 911 for serious health issues. Otherwise, save yourself money and time by visiting your primary care doctor, an urgent care center, or LiveHealth Online for minor medical issues.

Health savings account (HSA)

If you like the idea of lowering your health care costs and your taxes, a **health savings account (HSA)** could be a good option for you.

With a qualified high-deductible plan, you can set up the HSA through a bank and fund it with your post tax dollars. Before selecting an HSA plan, check with your tax advisor to see if an HSA plan is right for you.

Answers to your questions

How do I find a doctor or hospital?

You can find a network doctor, hospital, dentist, pharmacy and more by using our **Find a Doctor tool**. It's quick and easy. Plus, you'll get the most from your health care coverage (and save money), if you choose a doctor or hospital in your plan. Follow these simple steps:

- 1 Go to **anthem.com**.
- 2 Choose **Individual & Family** at the top of your screen. Then under **Care** select **Find a Doctor**.
- 3 Scroll past Search as a Member to **Search as Guest**.
- 4 Choose **Search by Selecting a Plan or Network** and complete the form.

The difference between doctors in the plan and doctors outside the plan

| | |
|----------------------------------|---|
| Doctors in the plan: | Doctors and other health care providers who contract with us to provide care at discounted rates. |
| Doctors outside the plan: | Doctors and other health care providers who are not contracted with the health plan. |

What should I know about my network?

- **Health maintenance organization (HMO):** With our **Pathway X Guided Access** plans, you have to choose a primary care doctor (PCP) to manage your health care needs — including getting referrals to see other network. Once you're a member, log in to **anthem.com** to register and select a PCP or we'll select one for you. This can be changed at any time. Your PCP selection will be listed on your member ID card. If you don't visit the listed PCP, your claims will be denied. **Pathway X Guided Access plans are only available in the following counties: Cherokee, Cobb, DeKalb, Douglas, Fayette, Forsyth, Fulton, Gwinnett, Henry and Richmond counties.** Unlike our **Pathway X Guided Access** plans, **Pathway X** plans don't require a primary care doctor selection or a referral from a primary care doctor to see other network doctors. Having a primary care doctor is a good idea for things like checkups and any ongoing health issues. **These plans are available in Atkinson, Baldwin, Banks, Bartow, Berrien, Brooks, Burke, Carroll, Charlton, Chattooga, Clinch, Colquitt, Columbia, Cook, Coweta, Crawford, Dawson, Decatur, Early, Echols, Emanuel, Fannin, Floyd, Franklin, Gilmer, Glascock, Grady, Habersham, Hall, Hancock, Haralson, Hart, Heard, Jasper, Jefferson, Jenkins, Johnson, Lamar, Lanier, Laurens, Lincoln, Lowndes, Lumpkin, McDuffie, Morgan, Oglethorpe, Pickens, Pike, Polk, Rabun, Seminole, Stephens, Taliaferro, Thonias, Tift, Towns, Turner, Union, Upson, Ware, Warren, Washington, White, Wilkes and Wilkinson counties.**

Important: Available plans will vary based on the county you reside in. Please use the guide on page 33 to make sure your selected plan is available in your county.

HMOs don't offer non-network benefits, except for medically necessary emergency and urgent care or when a service is preapproved. If you see a doctor not in the plan for any other reason, you'll pay 100% out of pocket. These out-of-pocket expenses don't count toward the plan's deductible or out-of-pocket limit.

Understanding insurance terms

Let's take a look at some common insurance terms you probably see a lot.

Here's what they mean:

-  **Coinsurance:** Your percentage of the costs. After you meet your deductible, this is your percentage of costs each time you get care and then your plan covers the rest up to the maximum allowed amount. Network providers agree to accept Anthem's maximum allowed amount as their charge.
-  **Copay:** This is a set dollar amount you pay for covered services, such as doctor visits. The amount can vary based on covered service. It's listed in your medical plan charts.
-  **Deductible:** This is the set dollar amount you pay before we begin paying for most covered health services you receive. It's listed in your benefit plan. **Network** covered preventive services don't require a deductible. Your deductible applies to the calendar year (January 1 through December 31), even if your effective date (the date coverage begins) is later than January 1.
-  **Drug tiers:** Drugs on a drug list or formulary are typically arranged in tiers. Your cost depends on which drug tier your drug is in.
-  **Network coverage:** This refers to doctors, hospitals, dentists, pharmacies and other care providers who are part of the plan's network or are in the plan. HMO plans only include coverage for network benefits, except for emergency and urgent care, ambulance services, or when a service is pre-approved.
-  **Non-network coverage:** This refers to doctors, hospitals, dentists, pharmacies and other care providers who don't participate in the plan or network. HMO plans don't offer non-network benefits, except for emergency and urgent care, ambulance services, or when a service is pre-approved.
-  **Out-of-pocket limit:** This is the maximum amount you can pay out of your pocket for covered services each year. Once you reach that limit, which varies by plan, we cover the rest up to the maximum allowed amount. Network providers agree to accept Anthem's maximum allowed amount as their charge.
-  **Plan name:** Plan name and contract code are found on the first row of the medical plan charts. Look for this when you're applying for a plan. The contract code is in parentheses after the plan name.

You may be able to change your health coverage outside of this open enrollment period if there are special qualifying events. Check with your Anthem representative to see if you qualify or if you have other questions about open enrollment.

We want you to be satisfied

After you enroll in one of our plans, you'll have access to your *Contract* that explains the terms and conditions of coverage, including exclusions and limitations. Important legal information

Before choosing a health benefit plan, please review the following information along with the other materials enclosed.

Eligibility

You can apply for coverage for yourself or with your family. You must be a United States citizen or a lawfully present non-citizen and a legal resident of the State of Georgia and not entitled to or enrolled in Medicare. Family health coverage includes you, your spouse or domestic partner and any dependent children. Children are covered to the end of the month in which they turn age 26.

Eligibility for a catastrophic plan

You are eligible for this plan if you:

- are also under age 30 before the plan's effective date; or
- have received certification from the Health Insurance Marketplace that you are exempt from the individual mandate because you qualify for a hardship exemption or don't have an affordable coverage option

Open enrollment

As established by the rules of the Health Insurance Marketplace, individuals are only permitted to enroll in a Qualified Health Plan (QHP), or as an enrollee to change QHPs, during the annual open enrollment period or a special enrollment period.

American Indians are authorized to move from one QHP to another QHP once per month.

Special enrollment and changes affecting eligibility

In addition to open enrollment, an individual can enroll during the special enrollment period. This is a period of time in which eligible individuals or their dependents can enroll after the open enrollment, typically due to an event such as marriage, birth, adoption, or other qualifying events as defined by law.

Depending on the event which triggered the special enrollment period, coverage may be effective as of the date of the qualifying event.

Effective date of coverage

The earliest effective date for the annual open enrollment period is the first day of the following benefit period for a Qualified Individual who has made a QHP selection during the annual open enrollment period. A subscriber's effective date is determined by the Health Insurance Marketplace based on the receipt of the completed enrollment form.

Managing your care if you need to go to a hospital or get certain medical treatment

If you or a family member need certain types of medical care (for example: surgery, treatment in a doctor's office, physical therapy, etc.), you may want to know more about these programs and terms. They may help you better understand your benefits and how your health plan manages these types of care.

Utilization review

Utilization review is a program that is part of your health plan. It lets us make sure you're getting the right care at the right time. Our utilization review team, made up of licensed health care professionals such as nurses and doctors, does medical reviews. The team goes over the information your doctor has sent us to see if the requested surgery, treatment or other type of care is medically necessary. The utilization review team checks to make sure the treatment meets certain clinical guidelines set by your health plan. After reviewing the records and information, the team will approve (cover) or deny (not cover) the treatment. The utilization review team will let you and your doctor know as soon as possible. Decisions not to approve are put in writing. The written notice will include information on how to appeal the decision and about your rights to an independent medical review.

Reviewing where services are provided

A service must be medically necessary to be a covered service. The utilization review may include a review of the level of care, type of setting or place of service where services can be safely given to you. If services are given in a higher level of care or cost setting when they could be safely given in a lower level place of care or cost setting, they will not be determined to be medically necessary. The service(s), in that case, are being denied based on the review of where they are provided. When this happens the service(s) can be requested again in another setting or place of care and will be reviewed again for medical necessity. At times, a different type of provider or facility may need to be used in order for the service to be considered medically necessary.

Examples include, but are not limited to:

- A service may be denied on an inpatient basis at a hospital but may be approved if provided on an outpatient basis in a Hospital setting.
- A service may be denied on an outpatient basis if taking place in a hospital setting but may be approved at a free-standing imaging center, infusion center, ambulatory surgical center/facility, or in a physician's office.
- A service may be denied at a skilled nursing facility but may be approved in a home setting.

We can do medical reviews like this before, during and after a member's treatment. Here's an explanation of each type of review:

The pre-service review (done before you get medical care)

We may do a pre-service review before a member goes to the hospital or has other types of services or treatment. Here are some types of medical treatments that might call for a pre-service review:

- An inpatient hospital visit;
- An outpatient procedure;

Important legal information

- Tests to find the cause of an illness, like magnetic resonance imaging (MRI) and computed tomography (CT) scans;
- Certain types of outpatient therapy
- Durable medical equipment (DME), like wheelchairs, walkers, crutches, hospital beds and more

The concurrent review (done during medical care and recovery)

We do a concurrent review when you are in the hospital or are released and need more care related to the hospital stay. This could mean services or treatment, such as physical therapy or durable medical equipment. The utilization review team looks at the member's medical information at the time of the review to see if the treatment is medically necessary.

The post-service review (done after you get medical care)

We do a post-service review when you have already had surgery or another type of medical care. When the utilization review team learns about the treatment, they look at the medical information the doctor or provider had about you at the time the medical care was given. The team then can see if the treatment was medically necessary.

Case management

Case management is conducted by a licensed health care professional, who works with you and your doctor to help you learn about and manage your health conditions. They also help you better understand your health benefits.

Precertification

Precertification is the process of getting approval from your health plan before you get services. This process lets you know if we will cover a service, supply, therapy or drug. We approve services that meet our standards for needed and appropriate treatment. The guidelines we use to approve treatment are based on standards of care in medical policies, clinical guidelines and the terms of your plan. As these may change, we review our precertification guidelines regularly. Precertification is a type of pre-service review.

Here's how getting precertification can help you out:

Saving time. Preauthorizing services is a process of verifying, in advance, whether a proposed treatment, service or supply is medically necessary and/or medically appropriate. The doctors in our network ask for prior authorization for our members.

Saving money. Paying only for medically necessary services helps everyone save. Choosing a doctor who's in our network can help you get the most for your health care dollar.

What can you do? Choose a network doctor. Talk to your doctor about your conditions and treatment options. Ask your doctor which covered services need prior authorization or call us to ask. The network provider is responsible for seeking prior authorization for you. If you choose to receive treatment from a non-network provider, you will be responsible for seeking prior authorization. Plus, costs are usually lower with a network doctor. If you choose a

non-network provider, be sure to call us to get prior authorization. Non-network providers may not do that for you. It is important to understand that not all plans offer out of network coverage, with the exception of emergency or urgent care. Please review the Contract in order to determine your benefits. Once you're a member, if you have a question about prior authorization, you can call the Member Service number on the back of your ID card.

Network providers

Network primary care doctors are the key to providing and coordinating your health care services. Your benefits are maximized when you allow your primary care doctor to manage your care and help select other network providers and specialists as needed.

Services you obtain from any provider other than a PCP, SCP or another network provider are considered a non-network service and you will be responsible for 100% of the cost. Except for emergency care or urgent care services received at an urgent care center or ambulance services related to an emergency for transportation to a hospital, or as an authorized service.

Non-network providers

With our HMO plans, services will not be covered services if rendered by non-network providers unless:

- The services are for medically necessary emergency care, urgent care or ambulance services related to an emergency for transportation to a hospital or urgent care services received at an urgent care center, as specified in the Contract; or
- The services are approved in advance by Anthem.

Services which are not obtained from your network PCP, a referred network specialist or another network provider that are not an authorized service will be considered a non-network service. You'll pay the full cost of services received from non-network providers, except for medically necessary emergency and urgent care services received at an urgent care center or ambulance services related to an emergency for transportation to a hospital. In addition, certain services are not covered unless obtained from a network provider. See your Schedule of Cost Shares and Benefits.

Laws and rights that protect you

As a member, you have rights and responsibilities. You have the right to expect the privacy of your personal health information to be protected, consistent with state and federal laws and our policies. You also have certain rights and responsibilities when receiving your health care. Visit this link to find more information on our website:

A high-deductible health plan is not a health savings account (HSA). An HSA is a separate arrangement between an individual and a qualified financial institution. To take advantage of tax benefits, an HSA needs to be established.
